Medical Clearances

The current procedures for dealing with riders injured at events, the follow up of their injury and their ability to compete at further events has been reviewed.

In line with all other states, the following policy is to be implemented to allow an injured rider to compete upon recovery.

When a rider has been transported by ambulance or private vehicle from an event with an injury from an incident that occurred during the event or where medical staff has advised a medical certificate is required, a medical certificate will have to be produced before that rider can participate in any other event.

The rider needs to produce a medical certificate before he/she can ride again, this certificate can be sent into the office or given to the Steward on race day.

Riders please note that regardless how severe or slight your injury you will require a medical certificate and will have to request this certificate, most medical practitioners and Hospitals will not automatically offer it.

Coaching at Coastal

Coaching can now be carried out at Coastal Park on the following basis:

1. Saturday mornings up until 12.00pm will be set aside for coaching unless there is a scheduled busy bee, or we have work that needs to be carried out on the track.
2. Coaching can only be conducted by a qualified coach (Level 1 accredited and above).
3. The coaching must be booked one week in advance.
4. This coaching is not intended for groups or clinics, separate permission for these must be obtained through a General Meeting.
5. Riders need to be members of CMCC and need to have their own key to access the track. Normal sign on procedures still apply.
6. The track will not be open for general practice at this time.

Please book by calling Kerrie on 0437 550 047
